

TIPOVER™

You'll flip over this game!

You'll flip over TIPOVER, the three-dimensional mind challenging game that takes brainteasers to a colorful new level. The object of TIPOVER is to get your Tipper playing piece from Start to Finish by tipping crates to create paths. To start, set up crates of different colors and heights on the game grid to match any one of 40 Beginner-to-Expert card challenges. Next, tip over the crates to connect your Tipper to the red crate which is your final destination on the card. There's a catch; your Tipper can't jump over empty grid spaces. Only you control your fate by tipping over the right crate! TIPOVER, another fun, 40-challenge brainteaser from the makers of Rush Hour® and River Crossing®.
