It's Transparent that this Game is a Slam-Dunk!

What is Swish™?

Swish is a visual and spatial card game that challenges players to make matches, or “Swishes,” before their opponents. A Swish is made by taking two or more of the transparent cards and placing them directly on top of each other so that every ball fits into a hoop of the same color- “Swish!”

Ages 8 to adult

HOW TO PLAY:

Lay 16 of the transparent cards out on a table. Create Swishes by layering as few as two or as many as 12 cards at time! The cards must be placed on top of each other in the same orientation, and no ball or hoop can be left unmatched. It can be challenging, as you may have to rotate or flip a card to make a Swish and you have to think quickly, as everyone plays at once. The player with the most matches, or Swishes, wins. Various levels of play make this card game addictively fun for all!

WHAT'S IN THE PACKAGE?

- 60 Transparent Swish Cards
