

Instructions:

1. Cut out a token.
2. Fold every line on the token carefully.
3. Make a small cut hole on the edge indicated on the token.
4. Fold tab 'a' in to the hole on tab 'b', and tab 'd' in to the hole on tab 'c'.
5. Your token is now complete. You can secure your token using tape or glue. It should look like this:

Just for fun, print the black and white version of these tokens and decorate them with your own custom colors!
