## Balance Beans™

### Seesaw Logic Game

Balance Beans is a logic game and math game all in one. Set up the Red Beans according to the Challenge Card. Then carefully place the colorful Beans on the Seesaw to keep it from teetering. When you balance the Seesaw, you are actually balancing an equation! As the challenges get harder, you'll rely less on trial and error and more on math and reasoning skills. This bean-filled logic game is a fun way to introduce young learners to elementary algebra.

Available nationwide.

## Escape the Room Mystery at the Stargazer's Manor

### A Mysterious, Interactive Party Game

Escape the Room is a fun, collaborative strategy game that allows you to experience the worldwide phenomenon of 'escape the room' events in your own home! Initially most popular in China and Western Europe, Escape the Room was invented by Nicholas Cravotta and award-winning artist, Rebecca Bleau. In the game, you and 2-7 of your friends are locked in a room and must work together to solve puzzles in order to escape an astronomer's study, before it's too late!

Available nationwide.

## Math Dice® Chase

### Mathematical Hot Potato

Math Dice Chase is one part hot potato and one part math! Players begin by arranging themselves in a circle. You and the player directly across from you each roll a set of 12-sided dice and race to multiply your numbers together. Quickly shout out the answer and pass the dice as fast as you can. Think fast - this math game is a race and you don't want to get caught with both sets of dice! Math Dice Chase helps improve multiplication skills, and can be adapted for younger learners to practice addition and subtraction. It's perfect for the classroom!

Available nationwide.

## Stratos Spheres™

### 2-Player Strategy Game

Take four-in-a-row to a whole new dimension with Stratos Spheres! Stratos Spheres loses the 2-D board and lets you build the game – and your logic skills – as you go. To start, add one of your colored spheres to the white neutral sphere and pass it to your opponent. Your opponent then adds a sphere of their color. This 2-player game goes back and forth until one player gets four of their spheres in a row – in any dimension. With its 3-D construction, Stratos Spheres takes a classic play pattern and adds a dynamic new level of strategy and fun!

Available nationwide.

## Back Spin™

**Spin • Switch • Solve**

Back Spin is a re-released double-sided brainteaser that is truly revolutionary. This Oppenheim Award winning puzzle is shaped like a flying saucer with two halves that you twist to pass balls from one side to the other. Your job is to scramble the colored balls, then figure out how to get them back into their matching slots — on both sides. Back Spin might look simple at first, but this cleverly addictive puzzle could leave your head spinning!

Available nationwide.
