YOUR GOAL:
Be the first player to get rid of your cards.

SET UP:
1. Shuffle the round deck of Number Cards and deal them face down to each player.
   • 1 to 3 players: deal 12 Number Cards to each player. Remove any leftover Number Cards from the game.
   • 4 or more players: deal all 54 Number Cards evenly amongst the players.
2. Each player keeps his/her Number Cards face down in a neat stack. Players do not look at their cards.
3. Shuffle the rectangular deck of Distraction Cards and place them in a pile, face down, within reach of all players.
4. Choose to play using either the purple questions or the blue questions on the Distraction Cards. The two colors provide variety. If you play your first game using the blue questions, mix it up by using the purple questions during your next game.
5. Each player turns over their top Number Card. The highest card goes first. Shuffle these cards back into your stack to begin play.
6. Player 1 turns his or her top Number Card face-up and places it in the center of the play area. This becomes the Number Stack.

SET UP DIAGRAM:

PLAY:
1. Player 1 reads the number showing on the card in the Number Stack out loud.
2. Play continues clockwise. Player 2 draws his or her top card and places it face-up on the Number Stack so that it completely covers the card underneath it.
3. Player 2 now recites both numbers in the stack beginning with the Number Card that Player 1 played.
4. Play continues with Player 3 drawing a card & reciting the numbers in the stack.
5. If at any time a player draws a Number Card that is orange and says “DRAW A DISTRACTION CARD”, the player that drew the orange card must first draw a card from the Distraction Deck, read it aloud and answer the question or perform the task BEFORE reciting the numbers. The Distraction Card is then discarded in a discard pile.
6. If a player feels that another player has incorrectly recited the numbers in the Number Stack, that player may Challenge. See Challenge Rules on page 7.
7. The player who loses the Challenge collects all the cards from the Number Stack and shuffles them into his or her own stack of Number Cards. This player starts the next round.
8. Once a player gets rid of all of his or her Number Cards, every other player completes one more turn and is given a chance to tie.

ThinkFun® is the world’s leader in addictively fun games that stretch and sharpen your mind. From lighting up young minds to creating fun for the whole family, ThinkFun’s innovative games and mobile apps make you think while they make you smile.

BUILD BRAIN HEALTH:
As our world is increasingly filled with distractions, it can be difficult not to let a simple interruption get in the way of our memory. Just like exercising your body, exercising your mind will make it stronger.

As you play Distraction™, you’ll find that you can remember longer and longer strings of numbers. You may not be able to eliminate all of the daily distractions, but you certainly can exercise your memory!

ThinkFun’s Mission is to Ignite Your Mind!

• Instructions
• 50 Distraction Cards
• 54 Number Cards

Each player keeps his/her Number Cards from the game.

SET UP:
Be the first player to get rid of your cards.

YOUR GOAL:
Win by being the first to get rid of your cards.

CHALLENGE RULES:
1. A Challenge may be issued by a player (Challenger) directly after another player (Challenged Player) completes one round of play. The Challenger must take all the cards in the Number Stack and shuffle them into his or her own stack of Number Cards.
2. When a Challenge is issued, the Challenged Player must once again recite the numbers in the Number Stack, and review that Player’s recitation. If the Challenged Player is incorrect, then he/she must take all the cards from the Number Stack.

TIE BREAKER RULES:
1. Tied players play a final round to determine the winner.
2. Shuffle the Number Cards and split amongst the tied players.

PLAY:
1. Each player turns over their top Number Card. The highest card goes to the first. Shuffle these cards back into your stack in a pile, face down.
2. Choose to play using either the purple or the blue Questions, mix it up for variety. If you play your first game using the blue questions, mix it up for variety. If you play your first game using the blue questions, mix it up for variety.

NOTE:
If at any time a player draws an orange card and says "DRAW A DISTRACTION CARD", the player that drew the orange card must first draw a card from the Distraction Card deck, read it aloud and answer the question or perform the task before reciting the numbers. The Distraction Card is then discarded.

If a player feels that another player has incorrectly recited the numbers, they may call a Challenge. The player who called the Challenge is the Challenger. See Challenge Rules on page 9.

When a Challenge is issued, the Challenged Player must once again recite the numbers in the Number Stack, and review that Player’s recitation. If the Challenged Player is incorrect, then he/she must take all the cards from the Number Stack.

Once a player gets rid of all his or her cards, every other player may perform a final round at the discretion of the Challengers. See Challenge Rules on page 8.
