HOW TO PLAY

The Object: Slide the White Limousine "Y" or the Red Car "X" through the exit to freedom!

Set Up: Select a challenge card and place the cars and trucks on the traffic grid as indicated by the illustration.

To Play: Slide the blocking cars and trucks in their lanes—up and down, left and right—until the path is clear for the White Limousine or the Red Car to escape. Vehicles can only slide forward & backward, not sideways.

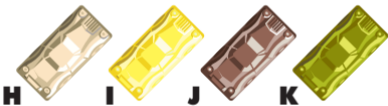

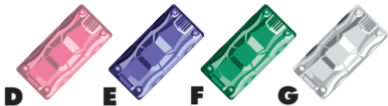

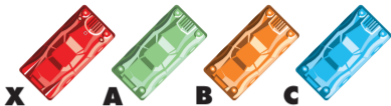

One Rule: No lifting the cars or trucks off the traffic grid surface. Stay in your lanes!

If You're Stuck: Just dump the pieces out of the grid and start over.

If Your Brain Stalls: The complete move sequence solution is printed on the back of each challenge card.
