

SQUARE by SQUARE®

CREATIVE PATTERN GAME

Learn about spatial relationships as you assemble the 14 puzzle pieces together to build each challenge. When you've completed the 60 challenges, get creative and use the pieces to build your own patterns!

INCLUDES: Game Grid with Storage Drawer
• 60 Challenges and Hints • 8 Blue Game Pieces • 6 Green Game Pieces • Game-Go Bag

YOUR GOAL: Combine the pieces to match the image on the challenge card.

SET UP:

- Spill the pieces out of the game grid.
- Select a challenge card from the deck.

TO PLAY:

- Assemble the blue and green pieces to match the image on the card.
- All pieces MUST lie flat within the game grid.
- You can turn or flip the pieces any way needed to complete the image.

IF YOU GET STUCK:

- Hints to solve the challenges are on the back of each card.
- HINT 1 shows the green pieces that form the image.
- HINT 2 shows the blue pieces that form the image background.

YOU WIN: When the image you've created matches that on the challenge card front.

Note: There may be more than one solution for each puzzle. If your answer doesn't match ours that's ok—as long as it matches the challenge image, it works!

LEARNING BENEFITS

Spatial Reasoning: As you play, you'll begin to mentally visualize how the pieces can fit together. The ability to rotate and build images in your mind is a great problem solving skill.

Discovering Multiple Solutions: Many of the challenges have multiple solutions. Keep an open mind if another player has a different approach to solving a challenge. When you're done finding one solution, don't hesitate to see if there might be another.

Perseverance: Don't get frustrated if you can't solve a challenge right away. Try fitting the pieces together in new ways. Having patience and determination takes practice but creates great discipline.

Confidence: The success you'll feel when you solve a challenge will boost confidence and make you crave even tougher challenges!

ThinkFun's Mission is to Ignite Your Mind!®

ThinkFun® is the world's leader in addictively fun games that stretch and sharpen your mind. From lighting up young minds to creating fun for the whole family, ThinkFun's innovative games and mobile apps make you think while they make you smile.
