Clue Master™

Logical Deduction Game

Tippy the Dog needs to unlock a secret door to return to his dog house, and he needs your help! In this mind-bending game of deductive reasoning, players use positive and negative visual clues to unlock the secret door. The goal is to place all nine magnetic tokens in the proper arrangement to solve each challenge. Clue Master is a fun logic game that helps develop the skill of deductive reasoning, a key ability in math, science, and computer programming.

Color Cube Sudoku

3-D Sudoku Puzzle Without Numbers!

Color Cube Sudoku is a brilliant re-imagining of the classic Sudoku puzzle using colors instead of numbers. Flip and arrange your nine color cubes until no colors repeat in any row or column. Sound easy? With over 2 trillion different ways to position the 3-D cubes, it's more challenging than it may appear. Once you have mastered the traditional puzzle, try your hand at a series of bonus challenges for even more fun!

Compose Yourself™

Start Writing Original Music in Minutes!

You don't have to know how to write music or even own an instrument to be a world-class composer. Created by famous composer and cellist, Maestro Philip Sheppard, Compose Yourself teaches children as young as six to play with music. To create your own melody, arrange the cards in a visual pattern, enter the codes with our music making software online, and hear your piece played by a full symphony orchestra! Then flip, rotate, rearrange and even add more cards to create your very own masterpiece. With over 200 million musical compositions and endless learning opportunities, Compose Yourself will ignite your love of music.

Lunar Landing™

Zero Gravity Logic Game

Help! You're on a mission to a distant moon and your computers have staged a revolt, leaving you stranded outside your mothership. Now you must use your five loyal helper-bots to find a way back to the ship's emergency entry port - or you'll be stranded in space forever! Created by the inventors of Rush Hour, Lunar Landing is one of the greatest logic puzzles of all time. Originally released in 2000 under the title Lunar Lockout, this new version is part of ThinkFun's All Star Logic Games collection, where we re-release some of our greatest logic puzzles with updated packaging and artwork!

Roller Coaster Challenge

Thrill Ride Building Game

Hang on! In this thrilling engineering challenge, players get to build their very own roller coasters. Start by choosing a challenge card and setting up the pieces to match. Then, players use the remaining pieces to build a working roller coaster that meets the build conditions on their challenge card. Roller Coaster Challenge incorporates elements of a logic puzzle, while also allowing for the creativity that stems from free-form building. Once you have solved each challenge, you get to watch a real coaster car glide down the track, complete with dips, curves, and loops.

Available nationwide.

Spin-a-roo™

Sorting and Counting Game

Spin-a-roo is a fast-paced counting and sorting game that offers young learners two ways to play! Players take turns cranking the spinner, and watching the colorful tokens appear like magic. Then, the race is on to collect the most tokens as you sort numbers and colors, or count up and down from one to ten. Spin-a-roo reinforces critical STEM skills in young learners, and is exciting enough for the whole family to play together!

WaveBreaker™

Shifting Seas Logic Game

The waves are rising and you're far out at sea in a small red boat. Your challenge: Find an open channel to your home port before the crew declares a mutiny! To play, arrange the boats on color-coded wave bars as instructed on a challenge card, then try to reach safe harbor through the crashing waves. Originally released in 1997 under the title Stormy Seas, Wave Breaker is part of ThinkFun's All Star Logic Games collection, where we re-release some of our greatest logic puzzles with updated packaging and artwork.
