Hello PTAs around the country!

At ThinkFun, we create addictively fun games that challenge the mind. It's always been our mission to build games that bring educational benefits, wrapped up in the most fun gameplay we can imagine.

To help put those games out into the world, we've always supported teachers with discounts and free games for the classroom. I (Bill) have spent untold hours driving around to schools and helping run game nights; efforts like this have always been an important part of ThinkFun's DNA. Now, we want to help bring these opportunities, for fun game nights that can help students build STEM and critical thinking skills, to a wider audience.

As part of our support for National PTA's STEM + Families initiative, ThinkFun is delighted to offer enormous discounts to local PTAs across the country. Now you can purchase ThinkFun's games at 50% off the standard retail price! We have a special Game Night Bundle that will include instructions on how to run your very own Game Night, or you can choose whatever products you'd like.

Ignite young minds, and change the world for each player.

Sincerely,

Bill Ritchie & Andrea Barthello

Co-Founders, ThinkFun Inc.

Aha! Brainteaser Kit™
This kit contains instructions and materials to create eight unique Brainteaser Centers in the classroom. Students build problem-solving and critical thinking skills as they play through eight Brainteaser Centers, using hints to help scaffold learning as needed. The “Aha! Moment” that comes from solving a brainteaser encourages students to exercise logic in new ways and builds confidence to take on more difficult challenges.

Amaze™
A maze that changes every time you play! Players must navigate through the maze with the attached stylus, pushing open movable gateways while avoiding traps and dead ends! An innovative twist on a classic maze puzzle, Amaze’s diabolical shifting pathways change the solution path during play! With 16 unique challenges and no pieces to lose, Amaze is the ideal travel game!

Balance Beans®
Balance Beans is a logic game and math game all in one. Set up the Red Beans according to the Challenge Card. Then carefully place the colorful Beans on the Seesaw to keep it from teetering. When you balance the Seesaw, you are actually balancing an equation! As the challenges get harder, you’ll rely less on trial and error – and more on math and reasoning skills. This bean-filled logic game is a fun way to introduce young learners to elementary algebra.

All Queens™ Chess
Think of it as four-in-a-row chess. In this 2-Player game using all Queens, you’ll have to plan your moves carefully as you outwit your opponent to get four Queens in a row. Just like in a game of chess, the all-powerful Queen can move any number of squares vertically, horizontally or diagonally. The only difference is that pieces can’t be captured. Stay alert and exercise logic as you navigate the board to get your Queens in a row.

Back Spin™
Back Spin is a double-sided brainteaser that is truly revolutionary. This Oppenheim Award winning puzzle is shaped like a flying saucer with two halves that you twist to pass balls from one side to the other. Your job is to scramble the colored balls, then figure out how to get them back into their matching slots — on both sides. Back Spin might look simple at first, but this cleverly addictive puzzle could leave your head spinning!

Block By Block®
Block By Block expands your spatial problem-solving skills as you combine seven puzzle pieces to construct three-dimensional structures depicted on the 60 challenge cards. The puzzle pieces are the same as the famous Soma Cube of the 1970s. This spatial puzzle is tough — and very fun!
Brick by Brick®
Brick By Brick challenges you to build a symmetrical brick wall by assembling five puzzle pieces that match the image on one of 60 challenge cards. Introduced in 1990, Brick By Brick is a fantastic spatial challenge that is still going strong!

-aged 8 to adult

Chocolate Fix®
Using the clues, fill the tray with all nine chocolate pieces in their correct positions. Similar to Sudoku, you must examine all clues on the challenge card before making a move. You will feel your confidence build as you narrow the possibilities to complete each challenge.

-aged 8 to adult

Code Master™
Learn programming basics without a computer! In Code Master, your Avatar travels to an exotic world in search of power Crystals. Along the way, you use programming logic to navigate the Map. With only one correct sequence of actions, you have to think carefully. Once you collect all the Crystals and land at the Portal, you win! Code Master will teach you essential programming concepts while strengthening sequential reasoning and problem-solving skills.

-aged 8 to adult

Clue Master™
Tippy the Dog needs to unlock a secret door to return to his dog house, and he needs your help! In this mind-bending game of deductive reasoning, players use positive and negative visual clues to unlock the secret door. The goal is to place all nine magnetic tokens in the proper arrangement to solve each challenge. Clue Master is a fun logic game that helps develop the skill of deductive reasoning, a key ability in math, science, and computer programming!

-aged 8 to adult

Circuit Maze™
Ignite your logic and sequential reasoning skills with Circuit Maze! Your goal is to arrange the tokens to create a real circuit that lights up the different colored Beacons. These clever circuit-building puzzles provide a boost of brainpower and a wonderful introduction to electrical engineering. With 60 challenges ranging in difficulty from beginner to expert, this logic game will provide engineers of all levels with hours of electrifying fun.

-aged 8 to adult

Color Cube Sudoku
Color Cube Sudoku is a brilliant re-imagining of the classic Sudoku puzzle using colors instead of numbers. Flip and arrange your nine color cubes until no colors repeat in any row or column. Sound easy? With over 2 trillion different ways to position the 3-D cubes, it’s more challenging than it may appear. Once you have mastered the traditional puzzle, try your hand at a series of bonus challenges for even more fun!
Compose Yourself™
You don’t have to know how to write music or even own an instrument to be a world-class composer. Created by famous composer and cellist, Maestro Philip Sheppard, Compose Yourself teaches children as young as six to play with music. To create your own melody, arrange the cards in a visual pattern, enter the codes with our music making software online, and hear your piece played by a full symphony orchestra! Then flip, rotate, rearrange and even add more cards to create your very own masterpiece. With over 200 million musical compositions and endless learning opportunities, Compose Yourself will ignite your love of music.

Fidgitz™
This three dimensional mechanical puzzle begs to be picked up and is impossible to put down! Fidgitz twists and turns in a unique fluid motion that will mesmerize players for hours on end. Your goal is to twist and manipulate the puzzle until one side is all blue and the other side is all white. It’s a challenging brainteaser and a fidget toy all in one!

Gravity Maze®
This gravity-powered logic maze is sure to put your visual perception and reasoning skills to the test. The colorful, translucent towers can be arranged in a plethora of visually stimulating structures but, for each challenge, you’ll have to think carefully to build a path that will successfully carry your marble to its target. 60 challenges, ranging in difficulty, will give you plenty of creative building time while you maneuver the maze in your mind!

Hoppers®
Hoppers® is a peg solitaire jumping game – set the frogs on the pond, then jump frogs until only one is left standing. Forty challenge cards range from easy to super hard. Start simple and grow your skills with each level. In no time at all, you’ll be the smartest frog in the pond!

Houdini
So you think you’re Houdini? Well, let’s see what you’ve got! Try your hand at these 40 disentanglement puzzles. Just secure Houdini using the ropes, lock and rings and work your magic to set him free without undoing the clasps! Sound easy? Well, let’s just say we won’t ask you to tie yourself up quite yet!

Knot So Fast®
Knot So Fast is a multiplayer knot tying race game. Players earn points by being first to correctly tie the knot shown on each challenge card. The rules are simple, but a few clever twists even the playing field for beginners and experts to play together. Knot So Fast introduces a wide variety of knots, requiring players to think with their hands and exercise spatial skills. Great for scouts and sailors of all ages, and for anyone who enjoys a hands-on challenge!
Laser Maze™
Lights and mirrors may make it feel like magic, but it’s really science and a good dose of brain power that’s needed to direct the laser beam through this series of mind-challenging mazes. Get ready for a satisfying mental workout as you flex your strategic thinking muscles and ignite the light both on the grid and in your mind.

Item #1004
MSRP: $29.99
PTA Price: $15.00
Case Pack Qty: 6
Ages 8 to adult

CAUTION
LASER RADIATION
DO NOT STARE INTO BEAM
1mW MAX OUTPUT at 635-670 nm
CLASS II LASER PRODUCT

Item #1044
MSRP: $29.99
PTA Price: $15.00
Case Pack Qty: 6
Ages 6 and up

Lunar Landing™
Help! You’re on a mission to a distant moon and your computers have staged a revolt, leaving you stranded outside your mothership. Now you must use your five loyal helper-bots to find a way back to the ship’s emergency entry port—or you’ll be stranded in space forever! Created by the inventors of Rush Hour, Lunar Landing is one of the greatest logic puzzles of all time. Originally released in 2000 under the title Lunar Lockout, this new version is part of ThinkFun’s All Star Logic Games collection, where we re-release some of our greatest logic puzzles with updated packaging and artwork.

Item #6802
MSRP: $14.99
PTA Price: $7.50
Case Pack Qty: 12
Ages 8 to adult

Maker Studio™: Gears Set
In this set featuring gears, you will have fun turning things from their recycle bin into a race car, a cable car, a three-wheeler and a motorcycle. Step-by-step instructions make it easy to start building right away and a set of 10 challenges encourage problem-solving like a true engineer.

Item #1701
MSRP: $19.99
PTA Price: $10.00
Case Pack Qty: 12
Ages 7 to adult

Maker Studio™: Winches Set
In this set featuring winches, you will have fun turning things from their recycle bin into a tow truck, a jeep, a well and a crane. Step-by-step instructions make it easy to start building right away and a set of 10 challenges encourage problem solving like a true engineer.

Item #1702
MSRP: $19.99
PTA Price: $10.00
Case Pack Qty: 12
Ages 7 to adult

Maker Studio™: Propellers Set
In this set featuring propellers, you will have fun turning things from their recycle bin into a chopper, a biplane, a windmill and a plane. Step-by-step instructions make it easy to start building right away and a set of 10 challenges encourage problem solving like a true engineer.

Item #1703
MSRP: $19.99
PTA Price: $10.00
Case Pack Qty: 12
Ages 7 to adult

TOY CONTAINS FUNCTIONAL SHARP POINT.

WARNING:

TOY CONTAINS FUNCTIONAL SHARP POINT.

WARNING:

TOY CONTAINS FUNCTIONAL SHARP POINT.
Math Dice® Chase
Math Dice Chase is one part hot potato and one part math! Players begin by arranging themselves in a circle. You and the player directly across from you each roll a set of 12-sided dice and race to multiply your numbers together. Quickly shout out the answer and pass the dice as fast as you can.

Math Dice® Jr.
Math Dice Jr. is the perfect complement to ThinkFun’s ever-popular Math Dice! Roll the 12-sided Target Die to get your target number, then roll the five 6-sided Scoring Dice. Using addition and/or subtraction, combine the Scoring Dice to match the target number, moving one space on the Scoring Track for every Scoring Die used. The first player to reach the finish line wins!

Roller Coaster Challenge
In this thrilling engineering challenge, players get to build their very own roller coasters. Start by choosing a challenge card and setting up the pieces to match. Then, players use the remaining pieces to build a working roller coaster that meets the build conditions on their challenge card. Roller Coaster Challenge incorporates elements of a logic puzzle, while also allowing for the creativity that stems from free-form building. Once you have solved each challenge, you get to watch a real coaster car glide down the track, complete with dips, curves, and loops!

Robot Turtles™
The most backed board game in Kickstarter history sneakily teaches preschoolers the fundamentals of programming. It takes seconds to learn, minutes to play, and provides endless learning opportunities.

Rush Hour®
Voted one of Parents’ Choice Best 25 Toys of 25 Years! Set up the traffic challenge and battle the gridlock as you slide the blocking vehicles out of your way to find a path for your red car to exit! This game features four levels of difficulty, allowing players to progress at their own pace. With 40 challenges, it’s even more bumper-to-bumper fun for all ages!
### Rush Hour® Jr.
Just like the classic Rush Hour® game, you shift blocking cars and trucks out of your way to clear a path to the exit. The 40 leveled brain teaser challenges are a fun way to build problem-solving skills. Rush Hour Jr. is ideal for younger ages but still plenty of fun for an adult brain!

**Item #5041**
- MSRP: $19.99
- PTA Price: $10.00
- Case Pack Qty: 12
- Ages 5 and up

### Shape By Shape®
Shape By Shape is an advanced Tangram-style game, made more difficult because you also fill in the frame around each shape you make. With 60 challenges, Shape By Shape is a great exercise in conceptual thinking and spatial relationships.

**Item #5941**
- MSRP: $14.99
- PTA Price: $7.50
- Case Pack Qty: 12
- Ages 8 to adult

### ShapeOmetry™
ShapeOmetry is a fun way to develop spatial, abstract, and quantitative reasoning skills. To solve the puzzle challenges, stack green pieces on top of blue pieces, or vice versa, to create identical shapes. Through hands-on play, students build key skills, strategies and mathematical understandings, such as part-to-whole relationships. Supports Common Core math standards.

**Item #5971**
- MSRP: $19.99
- PTA Price: $10.00
- Case Pack Qty: 12
- Grades: 2 – 8 / Ages 7 and up

### Solitaire Chess®
You don’t have to know chess to become a master of this addictive logic game! The rules in Solitaire Chess are simple - first set up the chess pieces on the board according to one of the 60 challenges, then proceed to capture and eliminate all but one piece using only moves allowed in traditional chess. You must capture a piece with every move, so this game is fast-paced and always exciting!

**Item #3400**
- MSRP: $19.99
- PTA Price: $10.00
- Case Pack Qty: 12
- Ages 8 to adult

### Spin-a-roo™
Spin-a-roo is a fast-paced counting and sorting game that offers young learners two ways to play! Players take turns cranking the spinner, and watching the colorful tokens appear like magic. Then, the race is on to collect the most tokens as you sort numbers and colors, or count up and down from one to ten. Spin-a-roo reinforces critical STEM skills in young learners, and is exciting enough for the whole family to play together!

**Item #7935**
- MSRP: $19.99
- PTA Price: $10.00
- Case Pack Qty: 6
- Grades: Pre-K – 2

### Swish®
Swish is a spatial card game that challenges you to be the first to make matches, or “Swishes.” Swishes are made by stacking as few as two or as many as 12 cards so that every ball swishes into a hoop of the same color. The player with the most matches at the end of the game wins.

**Item #1512**
- MSRP: $12.99
- PTA Price: $6.50
- Case Pack Qty: 12
- Ages 8 to adult
**TipOver®**

Your goal is to get the red Tipper Man to the red crate. Set up your game board to match the challenge card and then decide which crates to tip over to create a connected path to the red crate. TipOver helps develop sequential reasoning skills as you learn to look ahead and plan your path to victory.

Item #7070
MSRP: $19.99
PTA Price: $10.00
Case Pack Qty: 12
Ages 8 to adult

---

**WaveBreaker™**

The waves are rising and you’re far out at sea in a small red boat. Your challenge: Find an open channel to your home port before the crew declares a mutiny! To play, arrange the boats on color-coded wave bars as instructed on a challenge card, then try to reach safe harbor through the crashing waves. Originally released in 1997 under the title Stormy Seas, Wave Breaker is part of ThinkFun’s All Star Logic Games collection, where we re-release some of our greatest logic puzzles with updated packaging and artwork.

Item #6602
MSRP: $19.99
PTA Price: $10.00
Case Pack Qty: 12
Ages 8 to adult

---

**Yoga Spinner® Game**

Yoga Spinner is a delightful introduction to yoga that encourages teamwork and healthy physical activity. Give the spinner a whirl and perform the pose on the corresponding Yoga Pose Card. If you can hold the pose for 10 seconds, you keep the card, and the first player to collect a card in each color wins! You’ll need a little luck and teamwork, and a bit more flexibility and balance to win this entertaining yoga game.

Item #1842
MSRP: $14.99
PTA Price: $7.50
Case Pack Qty: 12
Ages 5 and up

---

**WordARound®**

Who knew that positioning a word in one continuous ring would make it so tricky to read? Be the first to decipher and shout out the word on each WordARound card, and you win that card. Collect the most cards and you win the game. A fun, fast-paced card game that will be the life of any party!

Item #1513
MSRP: $12.99
PTA Price: $6.50
Case Pack Qty: 12
Ages 10 to adult

---

**Visual Brainstorms®**

One hundred zany brain-teasing challenges that will keep minds of all ages thinking “fun!” Visual puzzles, logic problems, mazes, math challenges, encoded messages, and more will test and amuse you for hours. Bonus questions on every card offer a fun mental workout.

Item #6550
MSRP: $14.99
PTA Price: $7.50
Case Pack Qty: 12
Ages 10 to adult

---

**Yoga Cards the Game**

Can you hold a steady stance like a warrior? Improve flexibility and focus as you practice 48 yoga poses in this fun and simple yoga game. Each player starts with a Mission Card. The first player who correctly bends and stretches into the seven yoga poses on their Mission Card wins! Yoga Cards is designed to stretch your body while focusing your mind.

Item #1843
MSRP: $4.99
PTA Price: $2.50
Case Pack Qty: 12
Ages 6 and up
Zingo!®
Nominated TOTY 2009 Best Toy of the Year! This innovative game encourages pre-readers and early readers alike to match the pictures and words on their challenge cards with the tiles revealed in the Zingo! Zinger device. The first player with a full card wins the game by yelling “Zingo!” Two levels of play, and several game variations keep the zaniness going for hours!

Zingo!® Sight Words
Learn sight words while playing the popular game of Zingo! Sight words are the most frequently used words in the English language and make up about 50-75% of all written material. Learning and mastering sight words is a key step in becoming a successful, fluent reader. The sight words used in this game have been specially selected by leading educators as the most fundamental for reading development.

Zingo!® Word Builder
This word building version of Zingo! is the perfect confidence booster for early readers! Ideal for players who are just learning how to put letters together to form words, it’s great for teaching spelling and vocabulary. With two levels of play, it’s designed to engage and support both beginner and more experienced readers. Just slide the Zinger and claim tiles to fill your Zingo! card with three letter words—pure Zingo “F-U-N!”

Zingo!® 1-2-3
Build reading and counting skills with Zingo! 1-2-3. Match numbered spaces on your challenge card with number tiles revealed by the Zingo! Zinger. The first player with a full card wins the game by yelling “Zingo!” Two levels of play focus on counting and addition. Zingo! 1-2-3 builds early number sense skills in young players as they associate digits with images and text, and supports early math learning through counting and pattern recognition. This fast-paced game will have the whole family yelling “1-2-3 PLAY!”

Zingo!® Time-telling
In this time-telling version of our popular Zingo! game, players learn to read the hour and minute hands on an analog clock and make the translation to digital time. With two levels of play, it’s perfect for familiarizing young players with the clock and a great educational game for them to grow with. A wonderful way to turn challenging time-based math into a fun game for the family!

ThinkFun® Game Night Bundle
Bundle Includes:
- (6)Balance Beans®
- (6)Color Cube Sudoku
- (3)Gravity Maze®
- (3)Laser Maze™
- (3)Laser Maze™ Jr.
- (6)MathDice®
- (3)MathDice® Jr.
- (6)RushHour®

Bundle Value: $683.64
PTA Price: $339.00
